

SUNDAY'S GAME.

Topeka Squad Will Give Good Exhibition of Baseball.

The Cooleysox and Andrews' "Renegades" Will Play.

Batting Is Believed to Be Stronghold of Topekans.

Regulars Look Strong With Bat in Every Department.

As the Lyons team which was booked to appear at the local ball park in opposition to the Cooleysox Saturday and Sunday has been cancelled, another game has been provided for the day, which will in all events be no far ahead of the Lyons affair that the former charges of Jay Andrews will be forgotten.

Andrews was responsible for getting the Lyons team here and now that the games have been cancelled, the old veteran third sacker feels guilty. In order to atone for past sins the doctor has organized a team which will battle the Cooleysox Sunday afternoon. This team will be known as Jay Andrews' Renegades and will be a great aggregation. With the exception of Jay Andrews, Cooley will use the regular team against the Renegades.

The Renegades will have that happy mixture of old heads and young blood, mixed in just the right proportion to get a winning streak in every game. Jay has started off by securing a great backstop for his team. McManus will do the receiving. Way back in the misty past these two veterans played on the same team and in the same jungles for several seasons more. They are old pals, and are conviving to take a fall out of Cooley and his blooded stock.

Hendrix will perform at first, and in practice the big young pitcher has shown rare form on the initial sack. Olson and Slapnicka will perform around the kernel in the one playing second and the other short.

Dr. Jason A. Andrews, M. D., will himself be Base Exhibit No. 3. In the double role of manager of the Renegades and their spokesman the fans will have one grand opportunity to see the big doctor in his element.

The outfield will be composed of Fenlon in left, Thompson in center and Belts in right. Thompson besides being a pretty good pitcher is a swell outfielder and will put on some stuff in center field that will be worth the price of admission. Belts is only an experiment in right field, but he may show great class. He will also pitch a portion of the game.

On the Cooley team Cullen will take the place of Jay Andrews and Kunkel will play shortstop. This will leave five pitchers who will divide the honors of the afternoon. Burnum, Killingsworth, Scott, Kaufmann, and Harris will divide the box work on the two teams, with Belts pitching a few innings. Harris and Kaufmann will be seen for the first time, and their appearances in the box should be watched with much interest. Every player on the squad will get in the game and the fans can form their own opinions of the different players. Danberry will be a special attraction as Cooley has given him orders to keep after Andrews all the time.

Dr. Andrews is confident that his team will make a clean sweep up of the Western League stars Sunday afternoon. "The Renegades will simply slip one over on Sir Richard and his bunch. He thinks he has a clinch on the box, taken unaware by the old physician and his Renegades. We have a few real stunts up our sleeves which we will unravel for the first time in Topeka, and then the fans will be taken off their hats to the old M. D."

McManus is just as confident that the Renegades will win. "I don't want to be interviewed on this subject, this morning," he said, "for Andrews can do enough of that. I merely prefer to let our actions Sunday speak for ourselves, and brand Cooley as a back number."

The team was put through a stiff hitting practice yesterday afternoon despite the bad weather. All the players are showing up in fine shape, and it can be said that there is not a weak hitter on the team. Even the weak end of the batting order will be ready to break up a game at any time. A Woman's Back
Has many aches and pains caused by weakness and falling, or other displacement of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, general sensation in stomach, drawing or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nerve known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the medical schools of the world—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of women's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

Wooley is probably the weakest hitter of the trip but he gets on just as often as any of them, is a clever base runner, and will show well as a run getter. Cooley, Kahl, Kunkel and Andrews on the infield are all dangerous with the big stick. And behind the bat both Kerns and McManus hit the ball hard and regularly.

This is also the final home game for the Blues before May 5, when they return from a road trip, which started last night immediately after the game with the visitors from the north. MANAGER FRANK CHANCE OF THE NATIONALS. THE BIG BOUQUET PRESENTED THE TEAM ON OPENING DAY.

One of the most pleasant features of the opening day of the Chicago National league at Chicago was the presentation to the world's champion team of 1908 of a beautiful bouquet, which was so large that it almost topped the head of Manager Chance when he received the token of good will in behalf of the team.

JOHNNY EVERS RECONSIDERS.

Cub Second Baseman Will Return April 30.

Chicago, April 22.—Johnny Evers, the great second baseman of the Chicago Nationals, will join that club, April 30, according to a telegram received by Manager Frank L. Chance. During the winter Evers decided he wanted to take a long rest and announced he would not join the team until June 15, and that possibly he might not play at all during the present season. The failure of the Cubs to get a good start and the repeated entreaties from his team mates have evidently caused Evers to make a change in his plans.

Ketchel to Meet Caponi.

St. Joseph, Mo., April 22.—According to Cal Harris, a fight promoter of Chicago, who was here last night, Stanley Ketchel, aspirant for the world's heavyweight title, and Tony Caponi, a near champion, will be matched for eight rounds for a purse of \$6,000. The bout, he says, will take place at Chattanooga, Tenn., within the next six weeks.

Denver, April 22.—Frank Gotch, champion of the world, and Fred Beell were matched last night to meet at the Denver auditorium the second week in May for the world's championship and a \$3,000 purse.

Dad McGill, Wichita's latest addition in the box, is a second Nick Carter in that he refuses to play Sunday baseball. He won't even go to the park on Sunday. He doesn't think it is right, and he promised his parents not to play Sunday ball.

Wichita made an effort to get Bowman, a Kingman county boy who is playing second base for the Enid team.

Jehl, the Pueblo catcher who has been laid up with fever is constantly improving and hopes to be able to get back in the harness in a few more days.

Ginger McGilvray, a former Indian, who was drafted by Cincinnati has been farmed out by Manager Griffith to the Birmingham team in the Southern league.

Johnny Fillman is leading off for the Fort Worth team in the Texas league and is demonstrating his usual class as a run getter. McLean, another old Western Association product is leading off for San Antonio.

Dutch Richter, the young Denver boy who tried out for the third sack on the Jobber infield, has been sold to the Enid team.

The following is likely to be Wichita's lineup when the season opens a week from today: Catchers, Weaver, Quiesner and Roberts; pitchers, Swain, Clark, Brennan, Shamer, Westcott, McGill and possibly Weller; first base, Holland or Roberts; second base, Hughes; third base, Westcott; shortstop, Anderson; outfield, Pennell, Pettigrew, Middleton and Cole.

The sporting editor of the Pueblo Chieftain picks the Indians to make a runaway race for the pennant in the Western this year. He bases his prediction on the strength of the pitching

Cummins Offers Income Tax Amendment to Tariff Bill.

Washington, April 22.—Senator Cummins has introduced his amendment to the Payne-Aldrich tariff bill, providing for a graduated income tax, which he believes would produce \$40,000,000 revenue. Mr. Cummins pointed out that it differs in some important particulars from either the law of 1884 or the amendment offered by Senator Bailey. It exempts incomes below \$5,000 and authorizes the deduction of that amount from every dutiable income. The rate provided for is as follows: Up to incomes not exceeding \$10,000, 2 per cent; not exceeding \$20,000, 2 1/2 per cent; not exceeding \$40,000, 3 per cent; not exceeding \$60,000, 3 1/2 per cent; not exceeding \$80,000, 4 per cent; not exceeding \$100,000, 5 per cent; upon all incomes exceeding \$100,000, 6 per cent. Mr. Cummins believes that the graduated tax so provided for will produce a somewhat less revenue than a flat tax of 3 per cent.

The duty is to be levied only upon individual incomes. He treats corporations as mere instrumentalities for individual profits and the chief reason for not including corporations is that to put a tax upon the incomes of corporations is to tax those who are stockholders and the corporations, but whose individual incomes would not reach \$10,000; precisely as though they had dutiable incomes. This would be the result with a flat rate, but he points out that under the graduated tax is employed it is obvious that the individual income can alone be considered; "otherwise," he says, "the man with the lowest dutiable income would, in fact, be taxed more heavily than the man whose income would be taxed at the maximum rate levied upon the highest income."

The chief object of a graduated income tax law is to put the burden of government upon those who are best able to bear it and to do so it is necessary to put a higher rate upon the large incomes than upon the small ones.

The amendment proposed by Mr. Cummins further provides that all corporations shall make annual reports showing their gross and net earnings and the amount paid as interest and dividends and the persons to whom payments are made and also the names of all officers or employees receiving \$5,000 a year or more. It also provides that the undivided profits of a corporation are ascertained and the distributed share of each stockholder charged as a part of his income.

Opportunity Again Smiles and Rhinestone Avenue Is in Sight.

Garden City, Kan., April 22.—"Buffalo Jones," the "Animal Burbank," is home for a few days, looking after his cattle, sheep, goats and other animals. Mr. Jones has been lecturing in the city continuously for the past six months and will this week go to Buffalo to fill an engagement.

Later he will return here to remain until he goes to Grand Canyon, Arizona, to visit to his ranch, with a party of eastern capitalists who are anxious to see what he has accomplished.

Mr. Jones has been in vaudeville and after his Buffalo engagement will appear at the Fourteenth Street theater, New York city. According to Jones, his vaudeville engagements have netted the theaters \$2 a minute, approximately \$1,500 a day in the continuous houses.

At his ranch Jones has about 200 young Ferdinand lambs, the result of cross-breeding Persians and Merinos. He says they are doing well and that all the animals are in good condition.
